

770 Charcot Ave San Jose, CA 95131

Source Club Chooses the Jazz Sensors

Best Sensor Solutions

- Founded by the developers of Dexis (platinum) and Gendex sensors
- Engineered from decades of experience
- Patented technology gives
 - Jazz SOLO a size 2 image with a physical size of a Dexis 1.5.
 - Jazz MINOR a size 1 image with the comfort of a size 0
 - Rounded corner
 - Angled cord
 - Designed for patient comfort
 - Direct USB-c connectivity

Direct Integration with all major imaging software

- Jazz SOLO integrates natively (not TWAIN) with all major imaging software.

Lifetime Warranty and Support

- No charge replacement
- Free phone or live remote support
- Immediate sensor replacement once an issue is reported

Sell Direct to IDSO Members

- Premium sensors at an affordable price
- Best-in-class support
- Immediate support and sensor service directly from Jazz

Made in the USA

- Jazz SOLO sensors are designed and manufactured in San Jose, California
- The engineering, manufacturing and support teams are all in San Jose ready to support you

Free One-time Accidental Damage
